Introduction and Purpose

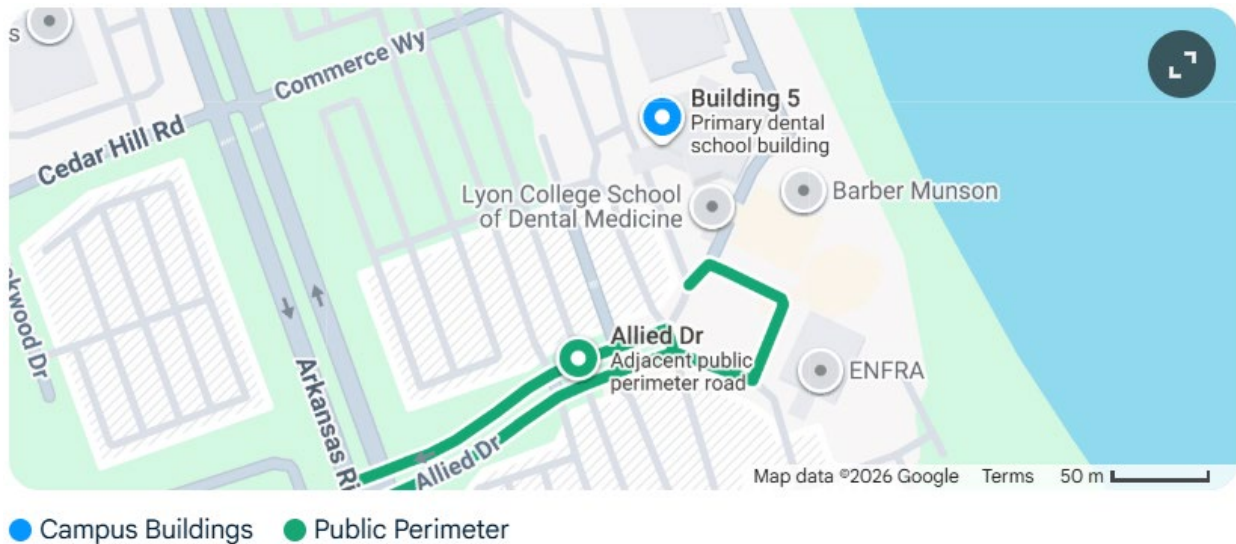

This Annual Security Report (ASR) is prepared for the Lyon College School of Dental Medicine (LCSDM) to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, as amended, and applicable federal regulations. The report summarizes current campus security policies and procedures, emergency response practices, crime-prevention and awareness efforts, required policies concerning alcohol, drugs, sexual misconduct and hazing, and crime statistics for the three most recently completed calendar years.

LCSDM opened its Little Rock professional school campus to students in 2025. The campus is operationally distinct from Lyon College's residential undergraduate campus in Batesville and is therefore treated as a separate campus for Clery reporting purposes. LCSDM is a nonresidential professional school campus and does not maintain on-campus student housing.

The report is distributed annually to enrolled students and current employees and is made available to prospective students and employees upon request. The institution publishes and disseminates the ASR by October 1 each year.

LCSDM Clery Geography

LCSDM is located at 5 Allied Drive in Little Rock, Arkansas. For Clery reporting, the institution classifies locations according to federal definitions for on-campus property, noncampus buildings or property, and public property immediately adjacent to and accessible from the campus.

LCSDM campus geography map used in the 2026 draft report.

- On-campus property: Building 5 and areas owned or controlled by Lyon College within the reasonably contiguous campus footprint and used in direct support of the dental education program, including classrooms, student areas, simulation and technique laboratories, patient-care clinics, offices, and the designated Building 5 parking area.
- Noncampus property: Any building or property outside the contiguous campus that is owned or controlled by Lyon College, used in direct support of or in relation to LCSDM educational purposes, and frequently used by students. This may include leased educational or clinical locations if they meet the federal definition.
- Public property: Public streets, sidewalks, thoroughfares, and parking facilities that are within the campus or immediately adjacent to and accessible from the LCSDM campus.

The College reviews its property, lease, clinical-affiliation, and student-organization arrangements each year to determine whether any additional locations meet Clery geography definitions.

Emergency Response, Evacuation, and Emergency Notification

LCSDM maintains emergency procedures for evacuation, shelter-in-place, lockdown, severe weather, medical emergencies, gas leaks, fire, criminal activity, bomb threats, and active-shooter events. These procedures are described in the LCSDM Student Handbook and are adapted to the needs of a professional health-care education and patient-care environment.

When a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees is confirmed on the LCSDM campus, the College will, without delay and taking into account the safety of the community, determine the appropriate segment of the campus to notify, determine the content of the notification, and initiate emergency communications unless doing so would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

- Call 9-1-1 for immediate police, fire, or medical emergencies.
- Notifications may be delivered through College email, text/SMS, emergency messaging systems, learning-management-system notices, and other available communication channels.
- The Dean's Office, Student Affairs, campus operations/security personnel, and other designated College officials may assist in confirming an emergency, determining the population to be notified, and initiating communications.
- Emergency information may be shared with the larger community through law enforcement, local emergency management, College communications channels, and public media as circumstances warrant.

Evacuation, Lockdown, and Shelter-in-Place

Evacuation is used when occupants must leave a building or area because remaining there would pose a greater danger. Occupants should use the nearest safe exit, avoid elevators during fire or similar emergencies, assist patients and persons needing help when it can be done safely, proceed to designated assembly areas, and remain outside until authorized to re-enter.

Lockdown may be used when a credible and imminent threat is inside or near the building. Occupants should secure themselves in a room when possible, lock or barricade doors, silence phones, remain out of sight, and follow law-enforcement instructions. Shelter-in-place may be used for weather, hazardous materials, or other conditions when remaining inside is safer than evacuation.

Testing Emergency Response and Evacuation Procedures

LCSDM conducts and documents emergency-response and evacuation tests or exercises at least annually. Tests may be announced or unannounced and are designed to assess emergency plans, communication capabilities, evacuation routes, accountability procedures, and building systems. The College documents each test, including a description of the exercise, date, time, and whether it was announced or unannounced, and performs follow-through activities when improvements are identified.

At least once each calendar year, LCSDM publicizes its emergency response and evacuation procedures in conjunction with a test or exercise.

Timely Warnings

A timely warning is issued when a Clery-reportable crime occurring within LCSDM Clery geography is reported to a Campus Security Authority or local law enforcement and, in the judgment of responsible College officials, represents a serious or continuing threat to students or employees. Timely warnings are intended to provide enough information for members of the campus community to protect themselves and prevent similar crimes.

The College determines the content, timing, and distribution method based on the facts known at the time. Warnings may be distributed by email, text/SMS, emergency messaging systems, or other appropriate means. Personally identifying information about victims is not included.

Preparation and Disclosure of Crime Statistics

The annual crime-statistics disclosure is prepared in cooperation with LCSDM administrators, designated Campus Security Authorities, institutional Title IX and student-affairs personnel, security personnel, and local law-enforcement agencies. Statistics are reported by calendar year and by the applicable Clery geography category.

LCSDM makes a reasonable, good-faith effort each year to obtain required crime statistics from the Little Rock Police Department (LRPD) for locations within the School's Clery geography. Federal regulations permit the institution to rely on information supplied by local or state law-enforcement agencies and do not hold the institution responsible if an agency does not supply requested statistics after a reasonable, good-faith effort.

For the 2026 reporting cycle, LCSDM submitted a written request on September 11, 2026, to the Little Rock Police Department Records Division/FOIA Unit. The request seeks 2023, 2024, and 2025 statistics for Clery-reportable offenses occurring on LCSDM's defined Clery geography at 5 Allied Drive, including the Building 5 campus footprint and immediately adjacent and accessible public property. The request also asks LRPD to identify any limitations in its ability to isolate the requested geography or offense categories. A copy of the request and the response, if any, should be retained in the institution's annual Clery compliance file. The request is reproduced in Appendix A of this report.

Crime reports received by Campus Security Authorities are included for Clery statistical purposes when they meet applicable definitions and geography requirements, regardless of whether the report results in an investigation, arrest, prosecution, or institutional disciplinary finding. Personally identifiable victim information is not included in the statistical disclosure.

Reporting Crimes and Other Emergencies

All students, employees, patients, visitors, and guests are encouraged to report criminal activity, suspicious behavior, and emergencies promptly and accurately. Prompt reporting supports an effective response, timely warnings when required, and accurate annual statistics.

Situation	Report to
Emergency or crime in progress	Call 9-1-1 immediately.
Non-emergency police matter	Little Rock Police Department communications: 501-371-4829; Telephone Reporting Unit: 501-918-4397.
On-campus safety concern	Notify on-site security personnel, the Dean's Office, Student Affairs, Clinic Manager, or another designated College official.
Sexual misconduct / Title IX	Title IX Coordinator: titleix@lyon.edu ; use the College Title IX reporting process or contact a College official.
Professionalism or conduct concern	Report through LCSDM Student Affairs or the applicable professionalism concern process.
Hazing	Report promptly to Student Affairs, the Dean's Office, a Campus Security Authority, or LRPD; emergencies go to 9-1-1.

Campus Security Authorities

Campus Security Authorities (CSAs) are individuals or organizations identified by federal regulation or College policy as having campus-security responsibilities or significant responsibility for student and campus activities. At LCSDM, CSAs include security personnel and designated officials whose responsibilities place them in a position to receive reports of crimes or student safety concerns.

Students and employees may report Clery crimes for purposes of timely warnings and annual statistical disclosure to the following offices or titles:

- On-site LCSDM security personnel
- Founding Dean, School of Dental Medicine
- Associate Dean for Academic Affairs
- Associate Dean for Clinical Affairs
- Associate Dean/Dean responsible for Student Affairs and Admissions
- Clinic Manager and administrators with significant responsibility for student or clinical activities
- Title IX Coordinator and designated Deputy Title IX Coordinators
- Human Resources and other College officials designated by institutional policy
- Little Rock Police Department

CSAs forward statistical information needed for Clery compliance. A CSA report is not itself a police report and does not require the reporting person to pursue criminal or institutional action.

Voluntary Confidential Reporting and Counselors

Victims or witnesses may ask whether a report can be made confidentially for inclusion in crime statistics. The College will respect privacy to the greatest extent allowed by law and policy, while recognizing that confidentiality may limit the institution's ability to investigate or take corrective action. Clery statistics never include personally identifying information about victims.

Pastoral counselors and professional counselors, when acting within the scope of their recognized counseling roles, are not Campus Security Authorities for Clery statistical reporting. When appropriate, counselors are encouraged to inform persons they counsel about voluntary reporting options for inclusion in crime statistics.

Security and Access to Campus Facilities

The LCSDM Student Handbook establishes building access requirements for 5 Allied Drive. Public access to floors 1 through 6 is generally Monday through Friday, 7:30 a.m. to 5:30 p.m. The building is locked after 5:30 p.m. on weekdays and on weekends and holidays. Students may use LCSDM-issued ID badges for approved extended access to designated student areas.

Area	Authorized student access
Floors 1-2	Monday-Sunday, 7:00 a.m.-11:00 p.m.
Floor 3	Monday-Sunday, 7:00 a.m.-9:00 p.m.
Floors 4-6	Access as authorized for clinical, faculty/staff, or scheduled activities; not general extended student access.

LCSDM contracts Allied Universal to provide security coverage for floors 1 through 6, generally Monday through Friday from 7:30 a.m. to 5:00 p.m. Security personnel are not normally present during all extended student-access hours. Students and employees are expected to comply with badge, door, restricted-area, patient-care, and safety protocols at all times.

Lost or missing access badges must be reported promptly to the Lyon College IT Helpdesk at 870-307-7555, support@lyon.edu, or the IT Services Office on the first floor so that access can be disabled and a replacement issued.

Facilities and safety concerns are communicated to Campus Operations/Facilities so that hazards involving doors, locks, lighting, alarms, life-safety systems, or other building conditions can be corrected.

Campus Law Enforcement Authority and Relationship with LRPD

LCSDM security personnel provide protective and access-control services but are not a sworn campus police department and do not possess general arrest authority. Criminal law enforcement within the Little Rock campus area is primarily the responsibility of the Little Rock Police Department. Security personnel and College administrators cooperate with LRPD and other emergency responders as circumstances require.

The College encourages accurate and prompt reporting of all crimes to the appropriate law-enforcement agency, particularly when a victim elects to report or is unable to make a report personally. For an emergency, call 9-1-1. For non-emergency LRPD assistance, call 501-371-4829; the Telephone Reporting Unit may be reached at 501-918-4397.

Any written memoranda of understanding or other formal agreements with local law enforcement concerning investigation of criminal offenses will be maintained by the College and described in future ASRs if applicable.

Security Awareness and Crime Prevention Programs

LCSDM communicates safety and security information to students and employees through orientation, handbook policies, faculty/staff onboarding, emergency drills, email and text notices, clinic and laboratory protocols, and periodic educational programming. Topics may include personal safety, theft prevention, building access, emergency response, severe weather, active shooter response, sexual misconduct prevention, substance misuse, and professional responsibilities for reporting concerns.

Students and employees are expected to take reasonable steps to protect themselves and others, secure personal property, report suspicious behavior, avoid allowing unauthorized persons to enter restricted areas, and comply with clinic and laboratory safety rules.

Alcohol, Drugs, and Drug-Free Schools Requirements

Alcohol

Alcohol is not permitted on LCSDM property except at approved College-sponsored special events. When alcohol is permitted, only persons of legal drinking age may possess or consume it, and consumption must be responsible. Excessive drinking, encouraging excessive consumption, and providing alcohol to underage persons are prohibited. Student organizations sponsoring approved events are responsible for reasonable oversight and compliance with College policy and applicable law.

Illegal Drugs and Controlled Substances

The unlawful manufacture, distribution, dispensing, possession, or use of controlled substances on Lyon College property or while conducting College business is prohibited. Medical marijuana remains prohibited on Lyon College campuses, owned or leased spaces, and College-sponsored activities because the College is subject to federal drug-free workplace and drug-free schools requirements. Student violations may result in discipline up to and including dismissal; employee violations may result in discipline up to and including termination.

Education, Counseling, and Referral

Lyon College provides drug- and alcohol-abuse education and communicates the health, safety, legal, and disciplinary consequences of misuse. Students and employees are encouraged to seek assistance through appropriate counseling, health-care, employee-assistance, or community resources. The College may cross-reference its Drug-Free Schools and Communities Act materials to satisfy applicable annual security report requirements.

Sexual Misconduct, VAWA Offenses, and Victim Rights

Lyon College prohibits sexual misconduct, sexual assault, dating violence, domestic violence, stalking, and retaliation. The College provides prevention and awareness education for students and employees and follows procedures intended to provide a prompt, fair, and impartial response to reports.

Clery/VAWA Definitions

- Sexual assault includes rape, fondling, incest, and statutory rape as defined for Clery reporting.
- Dating violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim, as determined from the length and type of relationship and frequency of interaction.
- Domestic violence includes qualifying felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner, a co-parent, a person who cohabitates or previously cohabitated as a spouse or intimate partner, or another person covered by applicable domestic/family violence law.
- Stalking is a course of conduct directed at a specific person that would cause a reasonable person to fear for safety or suffer substantial emotional distress.

What to Do After an Incident

A person who has experienced sexual assault, dating violence, domestic violence, or stalking should first consider immediate safety and medical needs. Call 9-1-1 for an emergency. A victim may report to LRPD, report to the College, request College assistance in notifying law enforcement, or decline to notify law enforcement. The choice to involve law enforcement does not eliminate the College's responsibility to respond under applicable policy.

Preserving evidence may be important for a criminal investigation, a College process, or obtaining a protective order. When possible after a sexual assault, avoid activities that may destroy physical evidence before obtaining medical care or a forensic examination. Preserve relevant texts, emails, social-media messages, photographs, call logs, and other records. Document injuries when safe to do so.

Reporting and Support

Reports may be made to the Title IX Coordinator at titleix@lyon.edu, through the College's Title IX reporting process, to a designated Official with Authority, to Student Affairs, or to law enforcement. College officials can assist a reporting person in identifying available medical, counseling, advocacy, legal, visa/immigration, financial-aid, academic, transportation, and workplace resources.

The College provides written information to students and employees who report qualifying VAWA offenses regarding rights, options, support resources, reporting choices, evidence preservation, and available accommodations or protective measures.

Protective Measures and Confidentiality

Reasonably available supportive or protective measures may include counseling referrals, academic adjustments, schedule modifications, workplace adjustments, restrictions on contact, changes in access to campus locations, leaves of absence, security measures, and other steps designed to protect safety and preserve access to College programs. Such measures may be available regardless of whether the victim reports to law enforcement.

Publicly available Clery records and warnings do not include personally identifying information about victims. The College seeks to maintain the confidentiality of accommodations and protective measures to the extent doing so does not impair the institution's ability to provide them.

Institutional Disciplinary Procedures

College disciplinary procedures for alleged sexual misconduct are conducted by trained officials who do not have conflicts of interest or bias for or against complainants or respondents. The parties are treated equitably, receive written notice of allegations and procedures, have an equal opportunity to present information and witnesses, may have an advisor, and receive simultaneous written notice of the outcome and available appeal procedures. The College uses the evidentiary standard specified in its current Title IX and sexual misconduct policy. Sanctions may include educational measures, restrictions, probation, suspension, expulsion, termination, loss of organizational recognition or privileges, or other appropriate measures.

Sex Offender Registry Information

Information concerning registered sex offenders in Arkansas is available through the Arkansas Crime Information Center sex-offender registry and through local law-enforcement resources. The Little Rock Police Department also provides access to sex-offender information through its public website.

Noncampus Student Organizations

LCSDM does not currently maintain fraternity or sorority housing or other institutionally recognized student-organization housing associated with the Little Rock dental campus. If an officially recognized student organization establishes or controls a noncampus location that meets Clery requirements, the College will monitor and record reportable criminal activity through appropriate local law-enforcement and institutional reporting processes.

Missing Student Notification

LCSDM does not maintain on-campus student housing. The federal missing-student notification procedures applicable to institutions with on-campus student housing are therefore not applicable to the LCSDM Little Rock campus. Any concern that an LCSDM student may be missing or in danger should nevertheless be reported immediately to law enforcement and Student Affairs so that appropriate welfare and emergency actions can be taken.

Hazing Policy, Reporting, Prevention, and Transparency

The Stop Campus Hazing Act amended the Clery Act to require institutions to collect and report hazing incidents, disclose hazing policies and reporting procedures, describe investigation processes, identify applicable hazing laws, and provide research-informed campus-wide hazing prevention and awareness programming. LCSDM began collecting hazing statistics for Clery purposes beginning January 1, 2025.

Federal Definition for Clery Reporting

For Clery reporting, hazing generally means intentional, knowing, or reckless conduct connected with initiation into, affiliation with, or maintenance of membership in a student organization that causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution or organization, of physical or psychological injury. A person's willingness to participate does not prevent conduct from being hazing. For federal reporting, a student organization can include a group of two or more enrolled students, regardless of whether the institution formally recognizes the organization.

LCSDM Policy

Hazing is prohibited in any form. No student, employee, alumnus, volunteer, organization member, or other person acting in connection with a student organization may engage in hazing; direct, encourage, aid, or assist hazing; knowingly permit hazing; or retaliate against a person who reports or participates in an investigation of hazing. Consent or willingness to participate is not a defense to conduct that otherwise constitutes hazing.

Reporting Hazing

Hazing should be reported promptly to Student Affairs, the Dean's Office, a Campus Security Authority, the Title IX Coordinator when applicable, or the Little Rock Police Department. Call 9-1-1 when there is an immediate threat to health or safety. Reports may be made by the person subjected to hazing, witnesses, members of an organization, employees, family members, or other persons with relevant information.

Response and Investigation

Upon receiving a hazing report, the College will address immediate safety needs; determine whether emergency notification, timely warning, medical care, law-enforcement notification, or interim protective action is appropriate; preserve and document available information; and notify the appropriate College officials responsible for Clery

compliance and student or employee conduct. The College will investigate under the applicable student, employee, professionalism, organizational, or other conduct process, providing notice and an opportunity to respond consistent with College policy. When conduct may violate criminal law, the College may coordinate with law enforcement while maintaining an independent institutional responsibility to address the matter.

Potential sanctions depend on the person or organization involved and the severity of the conduct and may include education, probation, restrictions, suspension, dismissal or expulsion, employment discipline up to termination, or suspension or loss of recognition and privileges for a student organization.

Arkansas Hazing Law

Arkansas law prohibits hazing and related knowing assistance, encouragement, acquiescence, or failure to report knowledge or reasonable information concerning hazing to an appropriate institutional official. Arkansas Code Annotated §§ 6-5-201 through 6-5-204 define and prohibit hazing and establish criminal and institutional consequences. College policy may be broader than state criminal law and may apply to conduct even when criminal charges are not filed.

Prevention and Awareness

LCSDM provides or incorporates research-informed hazing prevention and awareness into orientation, student-organization education, professionalism and ethics education, leadership development, faculty/staff training, and periodic campus communications. Prevention efforts emphasize recognition of hazing behaviors, bystander intervention, safe reporting, prohibition of retaliation, organization accountability, and the principle that consent does not excuse hazing.

Campus Hazing Transparency Report

When a recognized or institution-established student organization is found responsible for hazing, Lyon College will publish and maintain the Campus Hazing Transparency Report required by federal law. The report will identify the organization, provide a general description of the violation and findings, describe sanctions, state whether alcohol or drugs were involved, and provide required dates. Personally identifiable student information will not be included. The report will be updated as required and retained for the federally required period.

Crime Statistics for 2023-2025

LCSDM began operating as a dental school campus in 2025. The following statistics reflect the required categories and years for the 2026 reporting cycle. Entries for 2023 and 2024 are zero because the LCSDM campus had not yet begun student operations during those calendar years.

Primary Criminal Offenses

Offense	Geography	2023	2024	2025
Murder and non-negligent manslaughter	On Campus	0	0	0
Murder and non-negligent manslaughter	Noncampus	0	0	0
Murder and non-negligent manslaughter	Public Property	0	0	0
Negligent manslaughter	On Campus	0	0	0
Negligent manslaughter	Noncampus	0	0	0
Negligent manslaughter	Public Property	0	0	0
Rape	On Campus	0	0	0

Rape	Noncampus	0	0	0
Rape	Public Property	0	0	0
Fondling	On Campus	0	0	0
Fondling	Noncampus	0	0	0
Fondling	Public Property	0	0	0
Incest	On Campus	0	0	0
Incest	Noncampus	0	0	0
Incest	Public Property	0	0	0
Statutory rape	On Campus	0	0	0
Statutory rape	Noncampus	0	0	0
Statutory rape	Public Property	0	0	0
Robbery	On Campus	0	0	0
Robbery	Noncampus	0	0	0
Robbery	Public Property	0	0	0
Aggravated assault	On Campus	0	0	0
Aggravated assault	Noncampus	0	0	0
Aggravated assault	Public Property	0	0	0
Burglary	On Campus	0	0	0
Burglary	Noncampus	0	0	0
Burglary	Public Property	0	0	0
Motor vehicle theft	On Campus	0	0	0
Motor vehicle theft	Noncampus	0	0	0
Motor vehicle theft	Public Property	0	0	0
Arson	On Campus	0	0	0
Arson	Noncampus	0	0	0
Arson	Public Property	0	0	0

Arrests and Disciplinary Referrals

Category	Geography	2023	2024	2025
Liquor law arrests	On Campus	0	0	0
Liquor law arrests	Noncampus	0	0	0
Liquor law arrests	Public Property	0	0	0
Drug law arrests	On Campus	0	0	0
Drug law arrests	Noncampus	0	0	0
Drug law arrests	Public Property	0	0	0
Illegal weapons possession arrests	On Campus	0	0	0
Illegal weapons possession arrests	Noncampus	0	0	0
Illegal weapons possession arrests	Public Property	0	0	0
Liquor law disciplinary referrals	On Campus	0	0	0
Liquor law disciplinary referrals	Noncampus	0	0	0
Liquor law disciplinary referrals	Public Property	0	0	0
Drug law disciplinary referrals	On Campus	0	0	0
Drug law disciplinary referrals	Noncampus	0	0	0
Drug law disciplinary referrals	Public Property	0	0	0
Illegal weapons disciplinary referrals	On Campus	0	0	0
Illegal weapons disciplinary referrals	Noncampus	0	0	0
Illegal weapons disciplinary referrals	Public Property	0	0	0

Hate Crimes

No hate crimes were reported for 2023, 2024, or 2025 in any LCSDM Clery geography category. Hate-crime reporting includes Clery primary crimes and larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property when the offense is determined to be motivated by a covered bias category.

VAWA Offenses

Offense	Geography	2023	2024	2025
Dating violence	On Campus	0	0	0
Dating violence	Noncampus	0	0	0

Dating violence	Public Property	0	0	0
Domestic violence	On Campus	0	0	0
Domestic violence	Noncampus	0	0	0
Domestic violence	Public Property	0	0	0
Stalking	On Campus	0	0	0
Stalking	Noncampus	0	0	0
Stalking	Public Property	0	0	0

Hazing

Offense	Geography	2025
Hazing	On Campus	0
Hazing	Noncampus	0
Hazing	Public Property	0

Hazing statistics are shown beginning with 2025 because institutions were required to begin collecting hazing incident statistics by January 1, 2025 under the Stop Campus Hazing Act.

Unfounded Crimes

Year	Number of reports unfounded by sworn or commissioned law enforcement
2023	0
2024	0
2025	0

Only sworn or commissioned law-enforcement personnel may formally determine that a reported crime is false or baseless for purposes of classifying it as unfounded under Clery requirements.

Fire Safety Information for the 2026 Campus Safety & Security Survey

LCSDM is a nonresidential campus and does not maintain on-campus student housing; therefore, the separate Clery Fire Safety Report requirements for on-campus student housing do not apply to this campus. For institutional survey support, the following building-level fire summary is provided for Building 5, 5 Allied Drive.

For preparation of this report, LCSDM reviewed the institutional source materials available for the 2026 reporting cycle and identified no documented fires, fire-related injuries, or fire-related deaths at Building 5 for calendar years 2023 through 2025. Because the Little Rock Fire Department maintains fire incident reports through its records process rather than a public address-level incident database, LCSDM has also prepared a written verification request to LRFD for those

same years. The zero totals below reflect the institutional records currently available and should be reconciled with any LRFD response before final federal submission if additional information is provided.

Building	Calendar Year	Fires	Fire-related Injuries	Fire-related Deaths
Building 5 - 5 Allied Drive	2023	0	0	0
Building 5 - 5 Allied Drive	2024	0	0	0
Building 5 - 5 Allied Drive	2025	0	0	0

Fire or smoke should be reported immediately by activating the building alarm when appropriate, evacuating, calling 9-1-1, and notifying LCSDM personnel. The Student Handbook contains detailed fire evacuation procedures, including assistance for persons with mobility or other special needs.

Key Contacts and Resources

Resource	Contact

Appendix A - 2026 External Data Verification Requests

A.1 Little Rock Police Department - Clery Crime Statistics Request

Date: September 11, 2026

To: Little Rock Police Department, Records Division / Arkansas FOIA Unit

Subject: Request for 2023-2025 Clery Act Crime Statistics - Lyon College School of Dental Medicine, 5 Allied Drive, Little Rock, Arkansas 72202

Lyon College School of Dental Medicine (LCSDM) is preparing its 2026 Annual Security Report under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and 34 C.F.R. § 668.46. In support of the College's reasonable, good-faith effort to obtain crime statistics from local law enforcement, LCSDM respectfully requests any available police statistics or incident data for calendar years 2023, 2024, and 2025 for Clery-reportable offenses occurring within the School's Clery geography at 5 Allied Drive, Little Rock, Arkansas 72202.

The requested geography includes: (1) Building 5 and the areas owned or controlled by Lyon College within the contiguous LCSDM campus footprint, including the designated Building 5 parking area; and (2) public streets, sidewalks, thoroughfares, and public parking areas immediately adjacent to and accessible from that campus footprint. If LRPD cannot isolate data precisely to these boundaries, please provide the closest available geographic data and identify the geographic unit used.

Please include, to the extent maintained or reasonably retrievable, incidents corresponding to Clery-reportable criminal offenses, hate crimes/bias indicators, Violence Against Women Act offenses (dating violence, domestic violence, and stalking), arrests for liquor law, drug law, and weapons law violations, and hazing incidents. If any requested category is not separately coded or retrievable in LRPD's records system, a notation of that limitation would be helpful. Please also identify any reports formally determined by sworn or commissioned law-enforcement personnel to be false or baseless and therefore unfounded, if such information is maintained and retrievable for the requested geography.

The College understands that the Clery regulation requires a reasonable, good-faith effort to obtain these statistics and permits an institution to rely on information supplied by local law enforcement. We appreciate LRPD's assistance and will retain this request and any response in the College's annual Clery compliance file.

A.2 Little Rock Fire Department - Building 5 Fire Data Verification Request

Date: September 11, 2026

To: Little Rock Fire Department, Fire Prevention / Records

Subject: Verification of Fire Incidents - Building 5, 5 Allied Drive, Little Rock, Arkansas 72202

Lyon College School of Dental Medicine is preparing campus safety reporting for the U.S. Department of Education's 2026 Campus Safety & Security Survey. Please confirm whether the Little Rock Fire Department has records of any fire incidents at Building 5, 5 Allied Drive, Little Rock, Arkansas 72202, during calendar years 2023, 2024, and 2025.

For each calendar year, please provide or confirm: (1) number of fires; (2) number of fire-related injuries; and (3) number of fire-related deaths. If no incidents are recorded for a year, written confirmation of zero incidents would be appreciated. If the address is indexed under another building or property identifier, please advise so the College can reconcile its records.

Based on the institutional records currently available for preparation of the 2026 Annual Security Report, LCSDM has identified zero fires, zero fire-related injuries, and zero fire-related deaths at Building 5 for 2023, 2024, and 2025. This request is intended to independently verify those totals before final federal submission.

A.3 Verification Log

Agency / Source	Request Date	Method	Status	Compliance File Action
Little Rock Police Department	September 11, 2026	Written request to Records Division / FOIA Unit	Submitted September 11, 2026	Retain request, submission confirmation, response, and reconciliation notes.
